Credit card billing

Credit card billing of policies enrolled to the recurring billing option is done on the policy's due date provided that the policy is updated. If the due date falls on a weekend or a holiday, billing is done the following working day. If the transaction is declined, we will continue to attempt to bill daily for 15 days from the premium due date until successful billing. If subsequent billing attempts are unsuccessful, you will be notified by mail to settle your outstanding premium in cash or check through any of our Pru Life branches or accredited banks and payment channels

Pru Life UK's credit card billing is subject to the security policies of the card issuer-bank. You may be required to call your card issuer to authorize our premium billing in cases involving large amounts, unusual billing locations, unusual transactions or unsettled balances.

Billing of the alternate card is activated in case of declined billing attempt on the primary card. Re-billing is not applicable on policies under one-time billing option.
